Minutes from previous meeting:

The minutes from the meeting of 22nd February were circulated and understood by all present. The minutes were accepted as a true record and entered into the committee records.

Matters Arising:

Badges were the only concern to members, but as they had arrived and been distributed prior to this meeting the committee deemed the subject moot.

Chairman's Report:

GP stated that there had been a downturn in numbers at SER competitions as well as at County level, a trend which he could see continuing until members have more disposable income.

Secretary / Treasurer Report:

PB stated that the committee funds were stable and levies were being sent regularly. He went on to state that it would be prudent to buy year tags for next year and additional county badges before the price of silver bullion increased further. PL proposed the motion to buy seconded by AN, the committee voted unanimously to proceed.

It has been difficult to obtain reports from team captains on County Championships. PB reminded the committee that in order to complete the column for Pull! magazine he needed the reports, otherwise we lose the space.

PB stated that this will be his last year as Secretary / Treasurer for the county and will not be standing for office again as his business consumes much of his spare time leaving little for his family.

Any Other Business:

The county fundraiser has been proposed for September 11th or 18th at Nuthampstead, format to be defined.

Next Meeting: 25th July 2011
